

PRODUCT DATA SHEET

GIANT Small Engine 10W30

Synthetic Technology SAE 10W30 Small Engine

DESCRIPTION

GIANT Small Engine 10W30 is a semi-synthetic SAE 10W30 small engine oil specifically designed for use in small 4-stroke petrol engines. It is a premium formulation to exceed the specifications of API SN Plus with excellent protection against wear, rust and corrosion, as well as minimising the formation of sludge and varnish deposits. It is shear- and thermal-stable under a wide range of operating temperatures.

BENEFITS

- Premium-quality oil that meets or exceeds the warranty requirements of most manufacturers for 4-stroke small engines with a specification for API SN Plus.
- Superb anti-wear, detergency and anti-oxidant properties.
- Excellent anti-foaming & anti-corrosion properties.
- Keeps the engine clean and in good condition, even while operating at high temperatures.
- High Viscosity Index base oil with synthetic technology to counter the variance of viscosities under different temperatures, providing ample protection even at higher temperatures.
- Better thermal stability and oxidation controls allow for extended drain intervals.

PERFORMANCE STANDARDS

- API SN Plus

TYPICAL APPLICATIONS

- Air or liquid-cooled small 4-stroke engines.
- Lawn mowers
- Gensets

TYPICAL PROPERTIES

SAE		10W30
Specific Gravity	ASTM D-4052	0.852
Kinematic Viscosity, cSt @ 40°C	ASTM D-445	58.6
Kinematic Viscosity, cSt @ 100°C	ASTM D-445	10.4
Viscosity Index	ASTM D-2270	135
TBN, mgKOH/g	ASTM D-2896	7.5
